MUSCLE FIRST

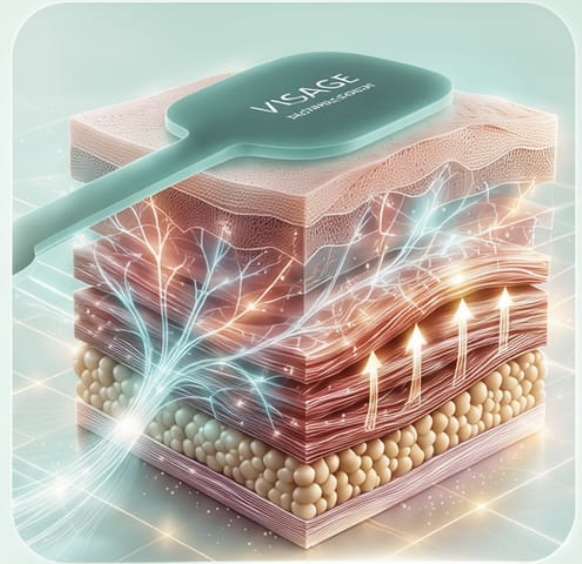

FACIAL MUSCLE TONING

Neuromuscular technology applied
to facial aesthetics to improve
facial architecture.

www.wonder.clinic

NEUROMUSCULAR TECHNOLOGY:

It is a new facial toning experience for those seeking a more defined, balanced, and revitalized appearance. By working with key facial areas, **VISAGE** helps support the look of firmness and facial harmony through neuromuscular-inspired stimulation.

Neuromuscular-inspired emissions work with the facial muscles, helping to promote a toned appearance and improve the visual definition of areas such as the zygomatic, frontal, and submaxillary zones.

BEAUTY IS IN THE MUSCLE

VISAGE introduces a new way to approach facial beauty through advanced neuromuscular-inspired technology.

Created for professional aesthetic environments, **VISAGE** is designed to support facial muscle toning and enhance the appearance of facial definition, balance, and freshness.

Its ergonomic design and intuitive use allow beauty professionals to integrate it easily into their aesthetic protocols, offering a refined and comfortable facial experience.

VISAGE changes the way facial beauty protocols are understood, bringing muscle-focused technology into the world of professional aesthetics.

UNPRECEDENTED INNOVATION:

We have placed the most advanced engineering at your service:

TABLET CONTROL:

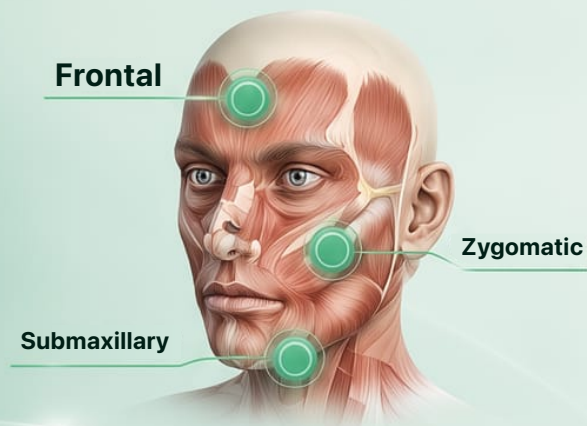

Full device management in your hands, with remote control capability.

CLOUD SOFTWARE:

Track your sessions and manage your WONDER from anywhere.

THREE SIMULTANEOUS AREAS:

Frontal: Helps promote a more lifted and toned-looking appearance.

Zygomatic: Helps soften the appearance of facial folds and supports a more defined contour.

SubMaxilar: Helps improve the appearance of the lower facial profile.

A NEW VISION OF FACIAL AESTHETICS:

Neuromuscular-inspired technology in facial beauty protocols with **VISAGE** offers several aesthetic benefits:

Deep Facial Toning:

Helps support a more refreshed, toned, and revitalized facial appearance.

Muscle Activation:

Works with key facial muscles, helping to enhance the appearance of tone and facial contour.

More Radiant-Looking Skin:

By supporting the overall facial experience, **VISAGE** helps the skin appear fresher, smoother, and more luminous.

Non-Invasive Beauty Protocol:

A comfortable aesthetic experience designed for professional beauty environments, with no downtime required..

Visible Beauty Effect:

The face appears smoother, more balanced, and revitalized after professional facial toning sessions with **VISAGE**.
